Re: *Ex Parte* Filing of the Florida Public Service Commission Petition for Expedited Declaratory Statement and/or Petition for Expedited Temporary Waiver of 47 C.F.R.52.19(c)(3)(ii) in the 954 NPA, CC Docket No. 96-98

Dear Ms. Salas:

On July 19, 2001, the North American Numbering Plan Administration held the 954/754 Numbering Plan Area (NPA) implementation meeting. The minutes of this meeting were made available to the public on August 2, 2001. Therefore, the Florida Public Service Commission staff would like to submit the minutes of the 954/754 NPA implementation meeting as pertinent information to be included in the above docket. Enclosed are an original and 14 copies. Please date stamp and return one copy in the enclosed envelope. Cheryl Bulecza-Banks (850/413-6642), Bob Casey (850/413-6974) and Levent Ileri (850/413-6562) are the key contacts on this docket.

Sincerely,

Handwritten signature of Cynthia B. Miller.

FLORIDA NPA 954/754 INDUSTRY IMPLEMENTATION MEETING MINUTES

**Thursday, July 19, 2001
INDUSTRY CONFERENCE CALL**

WELCOME AND INTRODUCTIONS

Thomas C. Foley, NPA Relief Planner – Eastern Region NANPA welcomed everyone to the 954/754 implementation meeting. There were 26 participants at the meeting representing 12 different entities and the Florida Public Service Commission. See Attachment #1 for a list of the attendees and Attachment # 2 for the Agenda of the meeting. Tom reviewed the purpose of the meeting and the Industry Consensus Process. He explained that NANPA would adhere to this process during the conference call.

RECOUNT RELIEF ORDER

On October 20, 2000, the Florida Public Service Commission (FPSC) approved relief plans for the 305/786 and 954 area codes. An all services distributed overlay was the approved plan for 954. However the approval of implementation dates for the 954 and 305/786 area codes was withheld. On June 28, 2001, the PSC issued another order (PSC-01-1403-PCO-TL) adopting the industry's April 10, 2001 consensus proposal to implement the new 754 NPA overlay relief plan in two phases.

IMPLEMENTATION DATES/ DIALING PLANS

The new 754 Overlay NPA will be activated on September 1, 2001. The earliest code activation in the new NPA will be September 23, 2001, if Part 1, CO Code Requests, are received July 19, 2001.

Permissive and Mandatory implementation dates along with local dialing plans and EAS Inter-NPA Routes are listed in the chart below:

PHASE I

Date	From Area Code	To Area Code	Local Dialing Plan
August 1, 2001	954	954	7 or 10 digits Permissive
September 1, 2001	754	754	10 digits Mandatory
	754	954	7 or 10 digits Permissive
	754	561	7 digits Mandatory
	754	305, 786	10 digits Mandatory
	954	954	7 or 10 digits Permissive
	954	754	10 digits Mandatory
	561	754	10 digits Mandatory
	561	954	7 digits Mandatory
	954	305, 786	10 digits Mandatory
	954	561	7 digits Mandatory
April 1, 2002	754	754	10 digits Mandatory
	954	954	10 digits Mandatory
	754	954	10 digits Mandatory
	954	754	10 digits Mandatory

PHASE II

Date	From Area Code	To Area Code	EAS Inter-NPA Routes
May 1, 2002	561	954	7 or 10 digits Permissive
	954	561	7 or 10 digits Permissive

			Local, EAS Inter-NPA Routes and Inter-NPA
September 1, 2002	561	754 and 954	10 digits Mandatory
	954 and 754	754, 561, 305, 786, and 954	10 digits Mandatory

A land to mobile code conflict exists with the 561 NPA. BellSouth will rectify the situation with the other affected service provider off-line.

TEST NUMBER

Prior to the industry conference call, BellSouth volunteered to furnish a test number to provide an announcement that calls have reached a termination point in the new NPA. Test number (754) 910-9998 will include an announcement with the mandatory 10 digit dialing date and confirmation that the correct area code in Broward County has been reached. This test number will provide answer supervision. The test number (754) 910-9999 will be used for milliwatt testing.

NPA RESOURCES

Consensus was reached that disposition of remaining 954 codes and the end of jeopardy rationing would be discussed at a later date on an industry conference call. NANPA will convene an industry conference call in March 2002.

COMMUNICATIONS PLAN/ TECHNICAL AND ADMINISTRATIVE

Tom provided an overview of the items listed on the agenda. It was noted that Phase II might be coordinated with the implementation of the 561 NPA relief if a decision is received from the FCC on the FPSC's request for an assignment of a relief code for that area.

INTER-COMPANY ROLES

Contact telephone numbers (incorporated with the Attendee list) are for purposes of providing a spokesperson(s) for service providers in attendance. Participants did not wish to form any sub-committees.

MINUTES DISTRIBUTION

Consensus was reached to distribute the minutes no later than July 26, 2001 and that a conference call to approve the minutes will be held on Thursday, August 2, 2001. Details regarding the call are:

DATE: Thursday, August 2, 2001
TIME: 11:00 a.m. Eastern Time
DIAL: 847-413-3193; passcode 7408941#

Every effort will be made to have the Planning Letter published by August 6, 2001, but no later than August 9, 2001.

On the August 2, 2001 call, these minutes were approved as amended.
